FINAL DEMAND

The Jubilee Debt Advice Centre was set up to offer debt advice to anyone finding themselves burdened by debt.

The service is totally free and confidentiality is assured at all times. We have trained advisers who will not judge your circumstances but will give help and assistance with budgeting, negotiating with your creditors or assistance in setting up a payment plan.

We are a part of New Life Baptist Church, a registered charity. We offer free advice and help with resolving your debt problems.

Have you got debt problems and don't know which way to turn for help? Debt affects health, work performance and relationships. It can cause isolation, shame, guilt, despair, depression and even suicidal thoughts. Keeping debt a secret only makes matters worse.

**Giving us a call is the first step to dealing with the problem.**

In association with  
Community Money Advice
